

From: Owen [REDACTED] 
Subject: Information for Trustee Record - Australian Acoustical Society Complaint
Date: 2 August 2026 at 11:13 am
To: Owen R. officeexecutorowenrobertlewis@gmail.com

Dear Trustee,

I write in my private capacity as Beneficiary of the **Owen Robert Inter Vivos Trust**.

For the Trustee's information and administrative record only, I advise that today I have lodged a formal complaint with the Australian Acoustical Society concerning the professional conduct of Mr Gustaf Reuterswärd FAAS.

The complaint concerns professional acoustic work associated with the Lal Lal Wind Farm and has been lodged following the Society's advice that any concerns regarding the professional conduct of one of its members should be progressed through its formal complaints process.

For completeness, I attach:

- the complaint as lodged;
- the supporting documentary material accompanying the complaint; and
- the covering correspondence transmitted to the Australian Acoustical Society.

This information is provided solely for the Trustee's independent consideration and administrative record.

No instruction, request or direction is made to the Trustee, and no adoption or endorsement of any position is sought.

Kind regards,

Owen Robert
Beneficiary
Owen Robert Inter Vivos Trust

**FORMAL COMPLAINT AGAINST
MR GUSTAF REUTERSWÄRD ...**

Lal Lal Wind Farm Planning Permit

PL-SP/05/0461-2 (extracts)

NOISE LIMITS

22. Construction of the wind energy facility must comply with noise criteria specified in the EPA *Noise Control Guidelines, Construction and Demolition Site Noise*, Publication 1254, October 2008 at any dwelling existing on land in the vicinity of the proposed wind energy facility as at the date of the issue of this permit to the satisfaction of the Minister for Planning.
23. Except as provided below in this condition, the operation of the wind energy facility must comply with New Zealand Standard 6808:2010, Acoustics - Wind Farm Noise (the Standard) at any noise sensitive location existing as at 20 March 2017 to the satisfaction of the Minister for Planning.

NOISE COMPLIANCE ASSESSMENT

24. Before the development starts, a noise compliance testing plan must be prepared by a suitably qualified acoustics expert to the satisfaction of the Minister for Planning.
25. The noise compliance testing plan must be accompanied by a report from an auditor accredited under the *Environment Protection Act 1970* with the auditor's opinion on the methodology contained in the noise compliance testing plan.

When approved, the noise compliance testing plan will be endorsed by the Minister for Planning and will then form part of this permit.]
